Ooh, ooh, please stand in me

Please stand in me

I won't break through from the Lord

Jehovah Nissi, oh, Lord, please stand in me

I can see victory over the _____

Let go of misery holdin' me down

I can go _____ where ain't no love allowed

I was a tragedy, look at me now

Perfect timin', now I'm _____

Now I blind 'em whenever I'm smiling, no

Ain't no more hiding, now I'm livin' out _____

What a sight to see, wow

It ain't no _____, I'm feelin' me again, oh

If you know my _____ then you don't know who I am, oh no

It's a celebration, private _____

Bye-bye to hesitation, it's only elevation

And the sun don't rise 'til I walk in the _____, ooh

I'm showin' _____ for me, finally

I'm takin' _____ of me, finally

Yeah, I'm lovin' me finally

Finally, finally, finally, finally
